YOUrALPS Final Conference

Chambéry, France

**Come discover more
about Mountain-oriented
Education during
the YOUrALPS
Final Conference!**

OurAlps is the international Mountain-oriented Education network in the Alps. It connects professionals working in the field of education with the aim of developing and promoting Mountain-oriented Education in Alpine areas.

The **Comparative Report** is a comprehensive document divided in three parts that represents the state of the art of Mountain-oriented Education. It constitutes the theoretical basis for the development of the Alpine School Model.

The **Alpine School Model** is an educational tool based on the principles of Education for Sustainable Development adapted to mountain specificities. The main aim of the ASM is to provide young people with the means to face the common challenges related to their future in the Alpine territory.
